

Business Link Management

Developed by Ameen Abdul Salam for INFOBHAN SYSTEMS

Introduction

- URLs are increasingly important in a world of E-Governance.
- For every business which operates from Office or Home, needs to have managed their common links in a portal.
- It must be an Intranet Portal protected from anonymous access.
- It should have a URL link creation with necessary titles, type and description.
- The URL links shall not be generally visible to users that prevents from data theft.
- The URL must be accessible with simple search

Responsive Portal with Details of the Link Sorted in Alphabetic Order and a Search away

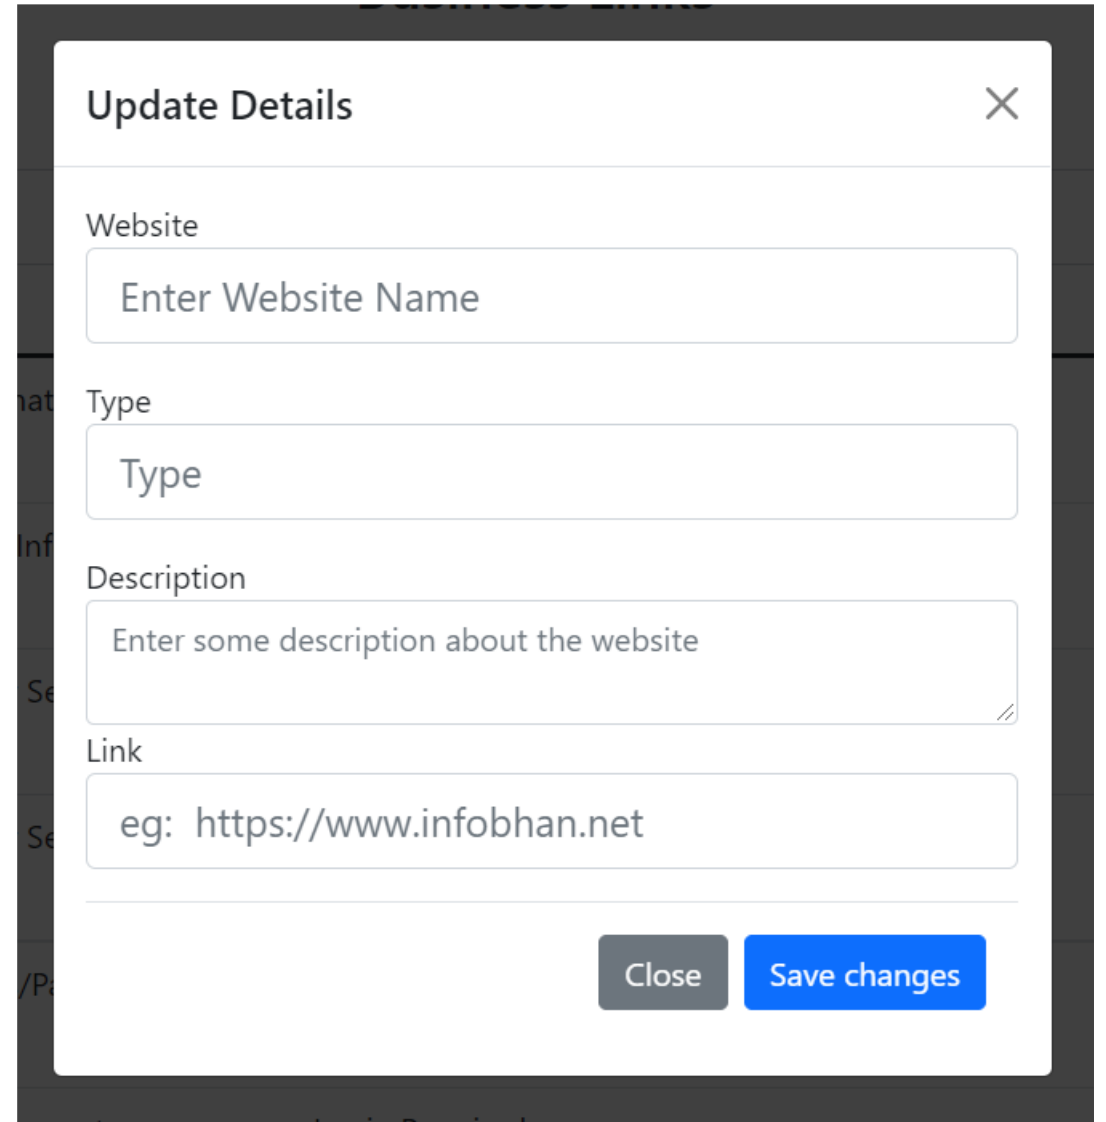

The screenshot shows a web browser window displaying a portal titled "Business LINKS" with the tagline "All links at one place". The page features a search bar and a table of links sorted alphabetically. Each link entry includes a number, website name, type, description, and a set of action buttons (Visit, Edit, Delete). A "Sign out" link is visible in the top right corner, and an "Add new" button is at the bottom right.

No.	Website	Type	description	Actions
1	Kaharmaa Tenders	Information	GTC and LTC Tenders are listed here	Visit Edit Delete
2	Labour Reform Notification	Govt. Information	Min Salary, Exit, NOC, WPS Guidelines	Visit Edit Delete
3	MOI - Electronic Services	E-Gov Services	MOI - Qatar - E-Services in Desktop PC	Visit Edit Delete
4	MOI - Services	E-Gov Services	MOI - Qatar - Service Inquiries	Visit Edit Delete
5	MOI - Visit Visa (Family)	Status/Payment	Qatar Family Visa Extension Status and Payment	Visit Edit Delete
